

Tuition Assistance Programs

1. **\$500 tuition for a new enrollee in grades K-6.** Any family who is enrolling a new student or students in Kindergarten through 6th grade will receive their first year tuition on the youngest child enrolling at a rate of \$500 plus registration fee. Please help us promote this to any and all families.
2. **2% off tuition for returning families.** Any family with us right now will earn a 2% off their 8th grade tuition for every year they are with us. For example, a third grader with us this year, if they stay until 8th grade, would earn a total of 10% off their final year of tuition.
3. **TWB for Tuition** – When purchasing Together We're Better certificates, parents may designate that 50% of the profit be used for tuition, lunch cards, or other school fees. Church members can designate a family they would like it to go for, or have it continue to help fund PATS ministry here at Salem.
4. **\$200 off for tuition for referrals.** This is not a new policy, but one that we want to reenergize. If you tell someone about Salem Lutheran School and then they come to our school, enroll and are accepted, you will receive a \$200 tuition credit, as soon as possible.
5. **Salem Grant in Aid.** Parents who are members of Salem Lutheran Church in good standing are eligible for applying for a Grant-In-Aid provided their children are currently attending or have registered to attend Salem Lutheran School the next school term. A FACTS Grant Assessment Application must be completed to certify your need for assistance. All families making application shall maintain a 75% church attendance ratio. Aid will be granted monthly as long as the church attendance ratio of 75% is maintained.
6. **LESA Building Blocks Scholarship.** Building Blocks Scholarship Fund offers financial aid to children from economically disadvantaged families who wish to attend Lutheran elementary schools in the greater St. Louis area. No family's grant shall exceed one-half of their normal tuition amount. For more information, visit LESA's website: www.lesastl.org.

There are many more programs/ideas to come! Thank you for moving FORWARD IN FAITH with us!
